## **Emergencies During U3A Group Activities**

In the event of an accident, or dangerous occurrence that could have led to injury, during a U3A meeting or event, please complete an accident report form immediately and return it to the Groups Coordinator

Mr Tony Marriott  
13 Parkway  
Newark NG24 4QY

In the event of the accident being of a serious nature, you should also telephone 01636 569239 and provide preliminary details.

If the emergency services are required during a Group activity, they will want to know the correct address AND postcode of your location. Being able to give this information promptly and accurately will hasten the arrival of assistance. This may be crucial for the well being of one or more Members.

Its recommended that Group Leaders be aware of this information during all U3A activities. The details of the private houses we meet in will be known by the hosts, but the hired premises we frequently use have the following details:
